IISRP Announces New Affiliated Members

HOUSTON, TEXAS 29 August 2007—James L. McGraw, Managing Director and CEO of the International Institute of Synthetic Rubber Producers, Inc., (IISRP), announced the election of FMC Corporation, Lithium Division and Calumet Lubricants as their first affiliated members.

In April, the IISRP Board of Directors approved the new class of members at their Annual General Meeting to be effective 1 July 2007.

“We are very pleased to have FMC Lithium, a catalyst supplier and Calumet Lubricants, a supplier of processing oils, to be our very first affiliated members”, stated McGraw.

George Sandor, Marketing Director, will serve as the liaison for FMC Lithium and Jay Zurawski, Technical Sales Representative, will act as the liaison for Calumet Lubricants.

The IISRP is an international not-for-profit trade association with 40 plus corporate members, domiciled in 21 countries, producing 90 percent of the world’s supply of synthetic rubber. Incorporated in 1960 and headquartered in Houston, Texas, the IISRP supports section offices in Milan and Tokyo.
